A gentler pace in the hills

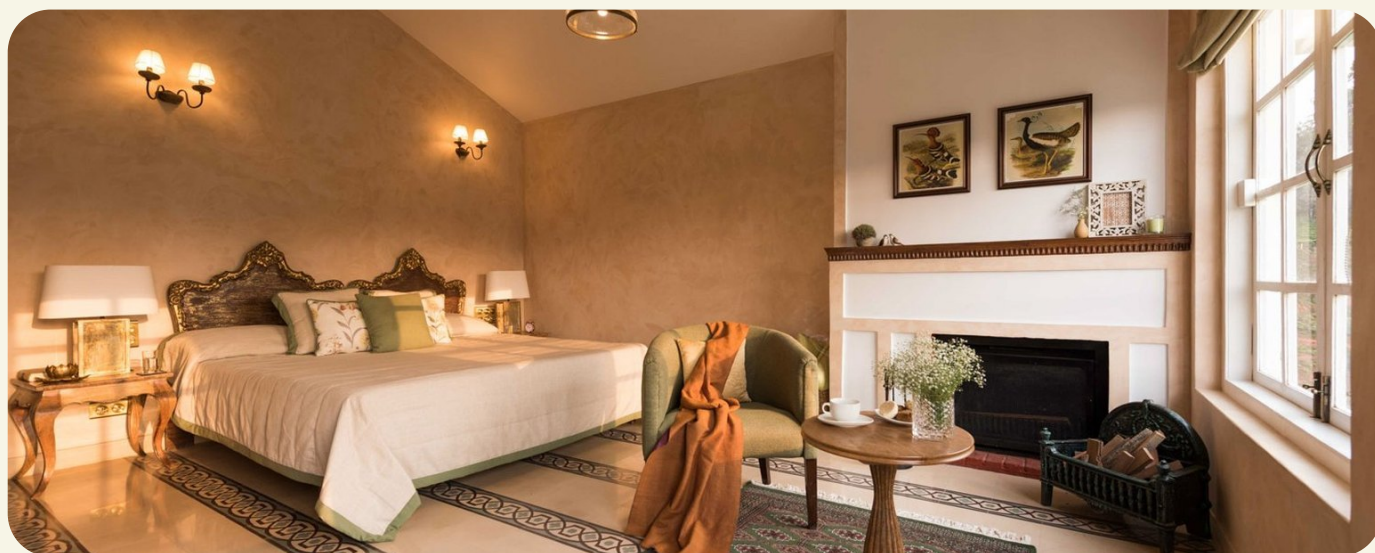

Set in the picturesque Wellington area of Coonoor, Albany Cottage pairs British colonial-inspired architecture with the green contours of the Nilgiris. Built by Isprava, its white façade, green tiled roof and expansive verandah frame a welcoming country retreat.

Inside, rich upholstery, earthy colours and decorative details bring warmth to the rooms. Multiple lounges and a cosy fireplace make time together feel effortless, while four bedrooms with attached bathrooms offer space to withdraw and unwind.

Four rooms, individual character

Quiet corners and restful nights

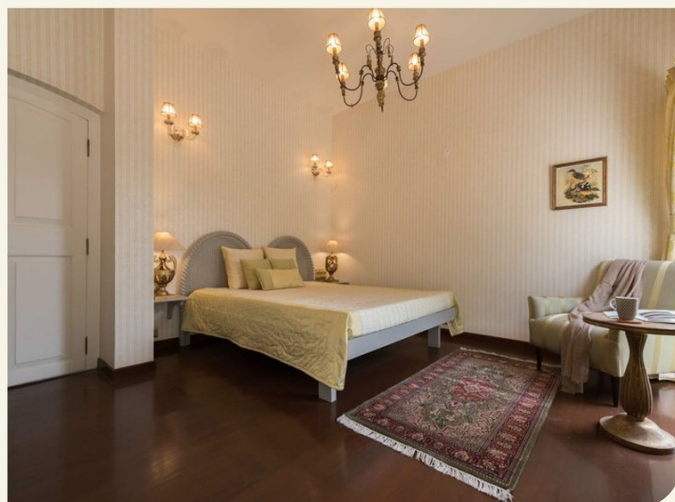

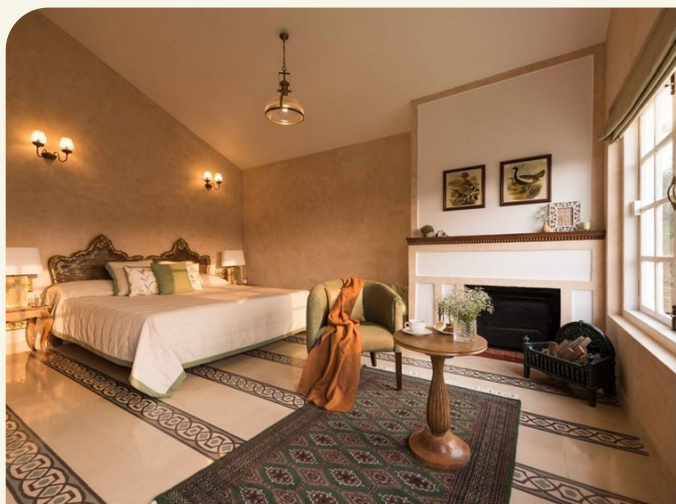

The bedrooms bring together soft upholstery, decorative lighting and the intimate comfort of a country cottage. Green accents and patterned rugs give one room a gentle elegance; warm earthy finishes and a fireplace distinguish another. Pale panelling and a softly curved headboard create a restful third setting, while yellow accents and a decorative metal bed frame lend the fourth a cheerful character.

- Four spacious bedrooms
- An ensuite bathroom for every bedroom
- Individual palettes and decorative furnishings
- Comfortable seating corners shown in the property photographs

Bedroom allocation and bed configuration should be confirmed with the reservations team. The supplied brochure and online listing describe bed sizes differently.
